

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

MILTON RECORDS,

BIRTHS, MARRIAGES AND DEATHS

ALPHABETICALLY AND CHRONOLOGICALLY ARRANGED.

At a meeting of the inhabitants of the Town of Milton, held upon March 6, 1899, it was voted,—

“That the town have printed the list of the Births, Marriages, and Deaths in the town from its incorporation to the year 1843; and that the sum of five hundred dollars be appropriated for the purpose,—the matter to be in charge of a committee of three, to be appointed by the Moderator.”

Pursuant to the foregoing vote, the following committee was appointed: Horace E. Ware, Edmund J. Carpenter, Henry B. Martin.

REPORT.

The Committee appointed by the Moderator to have charge of printing the lists of the births, marriages, and deaths in the Town from its incorporation to the year 1843, as voted by the Town at the annual meeting, held March 6, 1899, report as follows : —

A copy of the original entries of births, marriages, and deaths in the Town to May 1, 1843, was made in, or shortly subsequent to, that year. That copy was not printed, and has remained among the Town Records. In that copy entries of surnames were arranged in alphabetical order, persons of the same surname being placed together in chronological order. This form of entry has not been improved upon up to the present time, and the credit of it was probably due to the then town clerk, Jason Reed, Esq., the entire list appearing to be in his handwriting. We have followed this arrangement in the compilation submitted.

In addition to the Town Records, entries have been taken from the following sources, viz. : —

Births, marriages, and deaths from the records of the (First) Church in Milton.

Marriages from the diary of the Rev. Peter Thacher, minister of the (First) Church in Milton from June 1, 1681, to Dec. 27, 1727.

Deaths from the diary of Miss Hannah Vose.

The list of marriages taken from Mr. Thacher's diary has been printed in the New England Historical-Genealogical Register, and it is from a reprint of that publication that the extracts purporting to be from Mr. Thacher's diary, in the list of marriages herewith, are taken.

Miss Hannah Vose was the daughter of Thomas Vose ; was born in Milton, July 13, 1756, and died in Milton, May 25, 1818.

The entries in the list of deaths herewith, indicated as from Miss Vose's diary, have been taken from the list of deaths sub-joined to said copy made by Jason Reed and therein stated to have been taken from Miss Vose's diary.

No births, marriages, or deaths, however, have been taken from said Church Records or diaries except where there was no entry thereof in the Town Records, or where there was a discrepancy between the entry in the Town Records and that in said Church Records or diaries.

Where the entire item is from said Church Records or diaries, it is indicated as follows: Marriage entries from Peter Thacher's diary, and entries of deaths from Hannah Vose's diary, by a *. All entries from said Church Records by a †.

Where there is a discrepancy between the entries, the date or other feature differing from that in the Town Records is printed in addition, and has against it a * if from either of said diaries, and a † if from the Church Records. When any feature of any entry (either wanting or illegible in the original) is supplied from said copy made by Jason Reed, that feature is enclosed in brackets.

The period included in the lists submitted is from the incorporation of the Town in 1662 to May 1, 1843, since which latter date a copy of the records is filed in the office of the Secretary of the Commonwealth.

After copying from the original, each item has first been verified from the same, then compared with said copy made by Mr. Reed, and any discrepancies settled by reference again to the original.
